Coming Through For You!

winmar.ca

From coast-to-coast, Long Term Care property owners rely on WINMAR® for more than restoration services – from deep cleaning and biohazard remediation to general contracting for any size and scope of renovation and construction project.

Fire, Water, Wind Restoration

- Smoke, soot, debris or ash, can leave behind odours and damage
- Flooding, sewer back up, burst or leaking pipes, and plumbing overflow can lead to other issues
- Water and flood related damage requires urgent treatment to reduce mould
- Wind, hail, lightning, ice storms, tornadoes, and hurricanes can all cause severe property damage and impair the structural integrity
- WINMAR®'s rapid-response team aims to prevent further deterioration and ensure complete restoration of your property to pre-loss condition

WINMAR®'s processing facility upholds the highest industry-standard techniques and equipment.

Mould Remediation

- Mould can develop from sources like flooding or roof leaks, causing damage and posing health risks
- Mould spreads quickly, becoming severe within 48-72 hours
- Detection, testing, identification, removal and treatment of mould
- IICRC Certified technicians safely contain and remove damaged materials
- Implement moisture controls and treat affected areas with anti-microbial agents

Asbestos Abatement

- Complete asbestos abatement services, expert site inspections and safe removal
- Ensure property is safe from harmful airborne fibres or any cross contamination
- Air scrubbing machines with HEPA filtration are used throughout the process

General Contracting

- Proficient in all phases of design-build projects, including permits and demolition
- Specialization in millwork and inspections to ensure quality and precision
- Capability to manage projects of any size, from small-scale renovations to large construction endeavors
- Deployment of fully-equipped teams to ensure efficient project execution

Suite Refresh & Renewal

Rely on WINMAR® to not only restore your long term care property following an emergent event but also to lead your next suite renewal project. Our skilled and experienced teams provide comprehensive contracting services from initial concept to final interior installations.

Deep Cleaning

- WINMAR® adheres to CDC and Health Canada guidelines, focusing on both active-case and preventative situations to combat virus spread
- Trained technicians rigorously adhere to mandated deep cleaning and virus disinfecting procedures – thoroughly sanitize facility surfaces
- High-traffic areas and high-touch surfaces are targeted

WINMAR® uses specialized detergents and applications for odour neutralization and removal of dangerous toxins.

Content Cleaning

- Non-structural items, like clothing, furniture, kitchenware, tools, and electronics, are considered contents
- State-of-the-art Soft and Hard Goods Cleaning Systems will restore your cherished possessions, ensuring they return to their pre-event condition
- Removes contaminants, disinfects and kills bacteria
- Minimizes colour fading and wear while maximizing brightness retention

All WINMAR® Franchises hold valid Certificates of Insurance and WSIB Clearance Certificates. Our on-site policies ensure your property is properly cared for during your renovation.

Biohazard Remediation

- Certified technicians promptly conduct site inspections to detect the nature of contamination and perform indoor air quality tests
- Safely contain, clean, remove and dispose of biohazard materials to prevent health risks

WINMAR® has highly specialized project managers and professionals to take care of virtually any project. Combined with our fleet of specialized equipment and our decades of experience serving Canadians, we are the choice to lead restoration projects across Canada.
