RELY on the Experienced EXPERTS FOR LARGE LOSS PROJECTS

Accidents and emergencies, natural disasters and catastrophes can strike at any time. Canada’s diverse and ever-changing climate can contribute to fire, water and wind damage that can be devastating for commercial, industrial, and institutional property owners.

Commercial, Industrial, Complex Residential and Institutional property owners across Canada turn to WINMAR® to restore their property, businesses and buildings to pre-loss condition, efficiently and professionally, while working alongside your insurance company to minimize the disruption of an emergent event.

With over 90 locations across the country, our trained, equipped and qualified crews are ready 24 hours a day, 365 days a year. Canadians RELY on WINMAR® for Large Loss Restoration services.

HEALTH & SAFETY

TRUST WINMAR®’s Large Loss Coordination Teams. Our experienced staff follow stringent Health & Safety programs that meet or exceed provincial and federal requirements. Our systems and procedures are built to pre-qualify across Canada.

TEAMS from COAST-TO-COAST

INDEPENDENTLY OWNED & OPERATED FRANCHISES

We understand the impact of a catastrophic event and the urgency to RESTORE our Customers to pre-loss condition quickly and efficiently to original specifications with little interruption or unexpected costs.

WINMAR®’s national network of large loss partners provide prompt and professional service in uncertain times, while working alongside your insurance company. RELY on the dedicated Large Loss Coordination Teams at hubs across Canada.

Our motto is simple – We treat each Customer’s property and possession damages as our own, requiring the same standards of quality workmanship we’d expect for ourselves.

90+ LOCATIONS Since 1977

With over 90 locations and 2,000 employees, from coast-to-coast, we are Canada’s TRUSTED choice, for residential and commercial restoration, since 1977.

TRUSTED Rapid Emergency Response

Our Large Loss Coordination Teams understand that no two situations are the same. Every project requires a unique, tailored response and approach.

An unexpected catastrophe can be a life altering event. Large losses are difficult to envision due to the overall scale and scope of damage. Large loss emergent events can only be handled by a team with more than 45 years of experience in handling and navigating such complex incidents.

WINMAR® Specialists arrive on site quickly, allowing our team to mitigate risk and assess safety following an emergent event. Our company procedures and certifications are designed to pre-qualify and exceed the needs of our customers and their insurers throughout the country.

The skilled and experienced Large Loss Team at WINMAR®, includes specialists and consultants with decades of experience in restoration across Canada and is backed by our comprehensive internal team and partners, engineers, contractors, and suppliers. When the WINMAR® Large Loss Coordination Team mobilizes trust that your project will be handled in a professional manner by highly skilled and certified teams, managing unprecedented situations with confidence.

WINMAR®'s Large Loss Coordination Team Advantages:

- Flexible tracking and billing for multiple owner situations collectively under the same loss
- Extensive quality control systems and vendor pre-qualification process
- Complete transparency of dedicated resources and materials on all invoices
- Dedicated Large Loss Coordination Teams at various commercial hubs throughout Canada
- Constant improvements in loss documenting technology
- Partnering with Customers in pre-loss site assessment and disaster recovery planning
- Tested and trusted leadership and experience in large loss situations

OUR LARGE LOSS SERVICES

FIRE DAMAGE

Damage from a fire, smoke and water, can destroy a home or facility and the owner or organization's precious possessions. The emotional toll on an owner to endure through such an emergent event is compounded by the damage to their property.

WATER DAMAGE

Flooding, sewer back up, burst and leaking pipes, appliance and plumbing overflow or water from fire suppression can all contribute to significant property damage. If not remedied immediately, water damage has the potential to cause more serious issues in your home or business.

WIND DAMAGE

Wind, hail, lightning, ice storms, tornadoes and hurricanes can result in severe property damage which can also lead to structural issues if not tended to promptly.

MOULD REMEDIATION

Mould is known to grow rapidly in drywall, insulation, carpet, fabric and upholstery as a result of water damage. Trust WINMAR® IICRC Certified Professionals for a full-scale restoration to ensure the health and safety of your staff.

ASBESTOS ABATEMENT

Asbestos can be lingering in common building materials, such as: insulation, flooring, plaster, textured ceilings, register vents, duct wrap and roofing shingles. Disturbing these materials may lead to health-related issues. To ensure safe removal, rely on WINMAR® for a removal plan.

BIOHAZARD REMEDIATION

Hazardous materials, potential chemical or contamination can take place in your workplace, rely on WINMAR® to provide qualified removal services and peace of mind. Our teams are experienced and skilled to handle any environmental situations. Trust WINMAR® to assess, report and expedite any necessary services to remedy an environmental or health related concern.

CONTENT CLEANING

Trust WINMAR® to provide specialized equipment and trained technicians to process, clean and disinfect your valuable contents to pre-loss condition. Contents typically make up the majority of any property damage claim and are an integral component in the restoration process.

GENERAL CONTRACTING

Our skilled and experienced WINMAR® construction teams offer full-service contracting. From conception, permits and demolition, through to finished interior installation, millwork and inspections, WINMAR® contractors are capable and knowledgeable to handle any design-build project, regardless of scope. Trust WINMAR® to restore any size of complex Large Loss with our full service construction restoration teams.

LARGE LOSS PROCESS

COMMERCIAL

Property loss situations for commercial, multi-unit commercial and hospitality owners may have repercussions on multiple operations. RELY on WINMAR® to quickly mobilize, deploy the necessary teams and execute a plan that works for multiple businesses simultaneously. Our team will work in tandem with property owners, business owners and associated insurance companies to initiate and get your claim underway.

WINMAR®'s National network of franchises support a number of commercial accounts including food services, retail sector, hotel industry, housing sector, not for profit entities, property management groups, long term care and retirement facilities. These commercial facilities include the following:

- Apartment Buildings
- Condominiums
- Educational Facilities
- Factories and Warehouses
- Government and Municipal Buildings
- Hospitality-Hotels
- Hospitals
- Long Term Care
- Restaurants
- Retail Centres
- Student Housing and Co-ops
- Townhomes

COMPLEX RESIDENTIAL

A large residential loss can have a widespread impact, in some cases multiple units, owners and insurance companies may be involved. The WINMAR® Large Loss Coordination Team works with property and Strata Managers to plan and mobilize for potential property loss. We provide flexible project tracking and invoicing options to allow peace of mind throughout the restoration — transparency is vital.

INSTITUTIONAL

Our extensive resources, coast-to-coast network and speciality equipment, enable our Franchises to respond and mitigate institutional losses efficiently. From hospitals to universities, public buildings and recreation centres our Large Loss Coordination Team has effectively and expertly handled institutional restoration projects nationwide.

INDUSTRIAL

To counteract potential impact on industrial and manufacturing operations from an unexpected event, our WINMAR® Large Loss Coordination Team is at the ready to provide pre-loss planning and emergency response. Downtime is not an option for our Industrial Customers.

WINMAR® is focused on ensuring our progressive A.C.E. Program continues to achieve success by providing our customers measurable results while driving performance excellence.
